

Polish TRC Residency Card benefits

ABOUT POLAND

The Republic of Poland (Rzeczpospolita Polska) is one of the largest countries in Central Europe, bordering Russia, Lithuania, Belarus, Ukraine, Slovakia, the Czech Republic and Germany.

The country lies almost entirely on the North European Plain and is a land of gentle relief, rarely rising above 350 feet except along the southern border with the Sudety and Carpathian mountain ranges. Rysy is the highest mountain peak, 8200 feet above sea level. The longest rivers which cross the country north-ward are the Visłula (667 miles in length) in the center, and the Odra (530 miles) which flows along Poland's western border.

Benefits of Polish Residency Card (EU)

Security

Living in a safe place with your family and friends. European countries take care of the resident's and citizen's rights. It means that not only you and your family can live in a safe place, but your financial assets will be also protected.

Education

Poland has some of the best schools and universities in the world. Education is free of charge and universities offer programs in English, German or French language. Attractive scholarships for academic excellence up to 800 PLN monthly. Paid good-quality traineeships. Studies abroad and student exchanges during which program provides accommodation and means of subsistence.

Health Care

You and your family can access high quality healthcare in Poland and across the EU which includes dental care and operations. The reimbursed drugs available in the market made up more than half of the total value of the pharmaceuticals market in Poland. Some of the drugs are full reimbursed for serious diseases.

Duty-free Import-export

Trade your goods EU-wide without import licenses and fees. Expand your business. Break into a border-free EU market of 510 million customers.

Freedom of movement

Move freely between all EU member states. Travel without a visa as EU Resident. Enjoy your holidays and long trips without applying for visas.

FINANCIAL ADVANTAGES

Access to new financing options, personal and business loans, mortgages, investment incentives reserved for EU citizens. Non-refundable grant for starting one's own business or small start-up companies. A grant of EUR 25000 is paid as start-up support.

Social Security Benefits

Instantly get residency in any EU country and immediately gain access to social benefits, employment benefits. Program 500+ For every second and next child under eighteen years of age a family receives 500 PLN per month (approx. 110 EUR). Benefits for single mother, Birth benefits 1000pln, special family allowances, unemployment benefit, disability benefits, Housing Benefit.

Old-age pension and ill-health pension

Old-age pension is possible even after only 15 years of work, and the benefits are related to the salary. Social pension is available in Poland to a person of full age and fully incapable of work due to a physical disability.

Work Permit

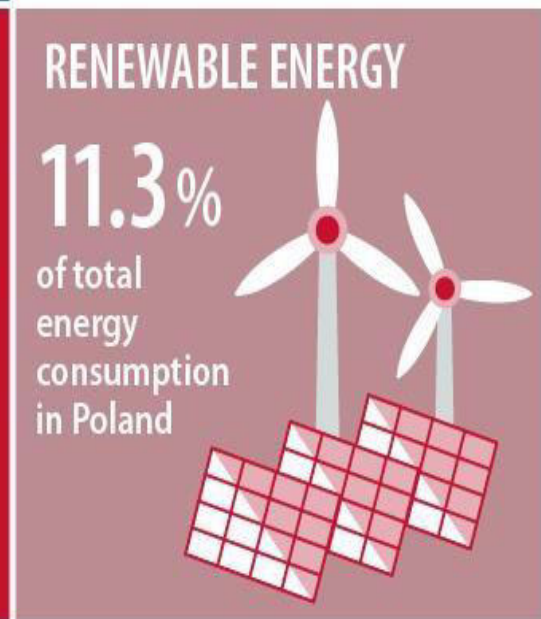

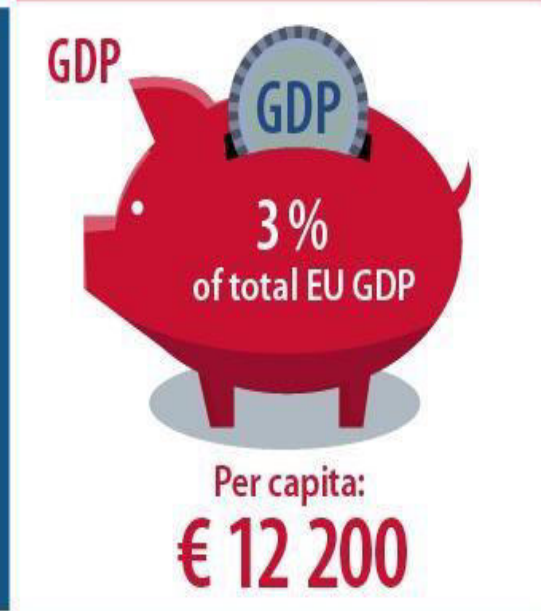

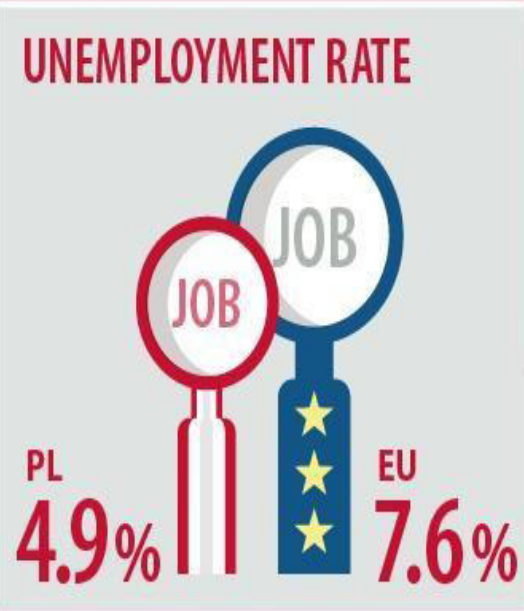

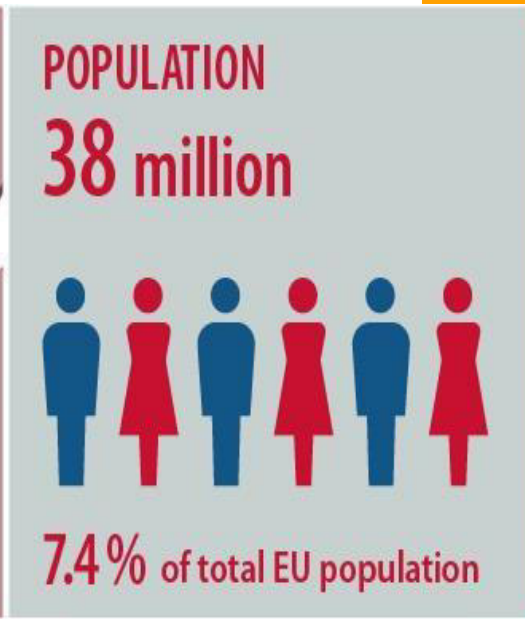

Work in Europe for as long as you want, without a work permit.

Pass on your citizenship to your descendants

By becoming a Polish citizen you will automatically pass on Polish citizenship to your children at birth. And they will automatically pass on their Polish citizenship to their children at birth. It really is a gift that goes on for generations and the benefits of European Citizenship will continue long into the future.
